**SPECIAL NOTE:** QO has permanently closed its PO Box and is now an exclusively online fan club!

Heyla, Misty fans!

Wow. Twenty years of heading up Queen's Own with Moonstar! I cannot believe how quickly the time has passed. It seems like only a few weeks ago that I was sitting in a friend's den in San Francisco, frantically emailing with Misty about how to keep the club alive. And alive it has been!

I can't easily count the number of friends who have crossed my path as I talked about Misty's works, read and edited fanzines, had my work illustrated by them, and encountered in our group stories. You all have made me richer for knowing you.

Working this closely with Misty and her fans has been a great help in honing my own craft. I appreciate all the feedback and encouragement I have received from the lot of you, but especially from my good friend Moonstar. My third Dragonlords book is dedicated to her, and for good reason. The club, as Moonstar shares below, became too large for one person to run it alone. It took a team, and I am eternally grateful that Moonstar has been my partner in this endeavor.

I hope you are all well and safe and busily reading Misty's books. Do take a moment to jot down your thoughts about them and send them to us so we can include them in the next newsletter. We have several incoming personas, and I can't wait to read about them. We've noticed several of you lurking at our RPs/group stories. Hopefully, you will soon decide to jump in and join the fun! We love interacting with you.

This is easily the strangest Easter/Beltane/Spring I've ever been through. But since many of us are stuck indoors, let's grab the persona of our choice and write in the name of the beloved author who has brought us all together.

Zhai'helleva,

Herald-Mage Adept Danya Winterborn

## Story Prompt:

You walk into the Purple Pirate tavern, and a kitten approaches you. Nothing you seem to do will make it go away.

As always, if you would like any story published you can submit it to Golden Grove [sn.keeper@yahoo.com](mailto:sn.keeper@yahoo.com) with Golden Grove in the subject line.

--Herald Nalei Rayskeline

[If any other fanzine editors would like to send us story prompts, we'd be happy to publish them!]

## Contest Announcement

**Reminder:** We are now accepting submissions for the ongoing Queen's Own Contests. We will do a drawing in the January Newsletter, the winner of the contest will receive one of the randomly selected items below. Each submission must be Valdemar related. Submission includes, Personas, Artwork, Stories, Poetry, Articles, Book Reviews, Monthly RPs and Cosplays. If it is Valdemar related it will count for a submission. All submissions will be

shared in future newsletters, in the case of stories they will be sent on to the zines which are needing submissions. Winner to be determined by the roll of a 10-sided die, which will cause the winner to be determined randomly as we do not want to be in the business of trying to determine better between apples and oranges. The Prize of the drawing will also be determined randomly by die roll. Please send in your submissions via email ([queensownnewsletter@gmail.com](mailto:queensownnewsletter@gmail.com)). Good Luck my friends!

## Member News:

Editors and Chapter Presidents, please send us updated information if you have it.

### Local chapters:

The Canada Chapter is starting back up! I hope to have their updated information in the next newsletter. Who else is still active and who is not?

- ❑ **Arrows OnLine:** Contact: Adept Grayfeather k'Varis (Kristi Reed). E-mail: DragonMamaK@aol.com. Arrows OnLine is the AOL chapter of QO. Chats will be held the first and third Wednesdays of each month from 8-10 PM ET. Topics will be posted prior to chat, hopefully as soon as a month in advance for book discussions. Although we have the scheduled chat, the Companion's Grove is open 24/7, and anyone can come in for informal chat. As far as instructions on how to get there . . . there are lots of hoops to jump through now. Go to the books community, find the message board link, then find the "Author AZ" message board, and find your way to the Mercedes Lackey boards from there. She's no longer a keyword, but hopefully with more traffic in the future that will change. If you don't want to jump through hoops, you can e-mail me directly, and I'll give you the links. The links to the chatroom will be on my "signature" on the boards.
- ❑ **Friends of the Pelagirs:** Contact: Morghan Savistr'i. Website: <http://www.freewebs.com/unchainedatlantic/index.htm>. E-mail: [elfchilde@gmail.com](mailto:elfchilde@gmail.com). Under new care! ### **From Healer Adept Moonstar:**

I cannot believe it; we have reached the 20<sup>th</sup> anniversary! We hope you have all enjoyed! We are so grateful for all of you who have come on this journey with us and hope you will continue down this crazy path with us!

I remember in the way back when Danya and I started down this road. We became fast friends when my first husband was stationed at Vandenberg Air Force Base, and she was living in LA with her husband and oldest child, who was a whopping 18 months old at the time. We met through her Dragonlords group, and it did not take long for us to realize we had a lot in common and both had a love for Misty's work. We were both part of Queen's Own when Judith was running the club. She had approached each of us separately to take over the club in the late 90s, however neither of us felt we were ready at that point. The gal that did accept the club, however, shortly realized she would not be able to keep it going. She spoke to Danya who approached me to help. Neither of us wanted to see the club fold, and we decided to take it on together. We had decided to move the club to a digital format as we did not have the income or dues to continue with a paper format.

We sent a snail mail letter to all the member's addresses we received. We began with a couple dozen email addresses and within a few months we had a few more and so on. We have grown due to Danya's clever fingers and knowledge of HTML we have a website. When we started, we only had a few personas to choose from, however, Danya was able to work with Misty to create more personas as well as ways to advance your personas once they are accepted. We have worked hard to be approachable, and available for everyone whom we share our love of Misty's work.

We have both had children grow, it is hard to see my kiddo now at 21, and hers 23, 19 and 18. Most of whom share a love of reading but maybe not the same love of Misty that we share.

We have members who created their personas at the age of 8, and some well after retirement. We have many who have become close friends. We have a few that have created multiple characters and put the same loving care of creation into each of them.

Danya and I have changed through the years. I think we have become closer, and we love sitting and talking about how Misty's work.

I would love to see how you all feel about how the club. How do you feel about the newsletters, and new additions of the Facebook group? I would love to see more personas, and more art, and more reviews well.... More everything really.

Love and Hugs,  
Moonstar
